## BESCHRIJVING

Jackson is designed not to look like a functional piece of furniture, but as an elegant armchair with comfortable cushions and armrests, that can suit into every space

The TwoColour version further emphasises this cushion feel. You can select separate covering materials for the frame and the cushions. Both in terms of comfort and blending into your living space, this allows you to fully mould the model to your own personal taste.

As every recliner of durllet, Jackson is available in a mechanical or electrical version, always with an adjustable headrest, in 4 different heights, and with different bases.
