## BESCHRIJVING

Aspen exist with a low or a high backrest in response to the demand for the combination of comfort and elegance. The combination of both backrest heights in one interior provides the optimal balance between comfort and visual spaciousness. In both cases the typical characteristics of the Aspen remain: the beautiful wooden base, the elegantly arched armrests, the slanting back and - upon choice - the detail of the buttons in the backrest cushions. They make Aspen a true classic, albeit one which looks anything but old-fashioned. The cushions are down-filled.
