

LONG ISLAND

DESIGNER

Kai Stania

De kracht van de Weense ontwerper Kai Stania ligt in de perfecte symbiose tussen esthetiek en functionaliteit in zijn werk. De indrukwekkende lijst van nationale en internationale prijzen die hij al vanaf een relatief jeugdige leeftijd in ontvangst heeft mogen nemen, bevestigen dit. Op zijn palmares o.a. een nominatie voor de 'Designpreis der Bundesrepublik Deutschland', iF Product Design Awards, Red Dot Awards, Good Design Awards, Interior Innovation Awards (met Durler), een selectie voor 'Die Auswahl' van de tien beste Oostenrijkse meubelontwerpen.

BESCHRIJVING

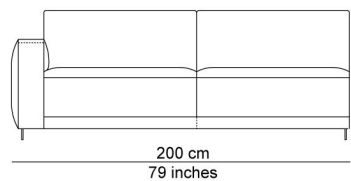

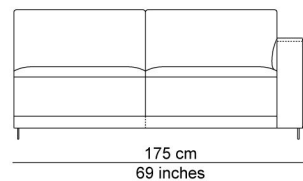

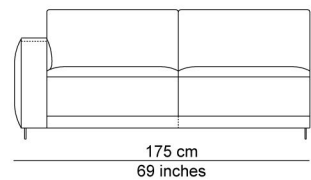

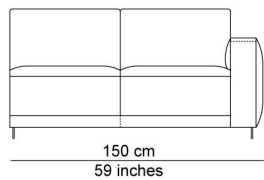

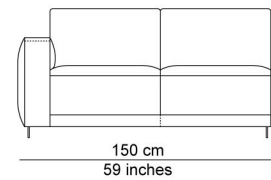

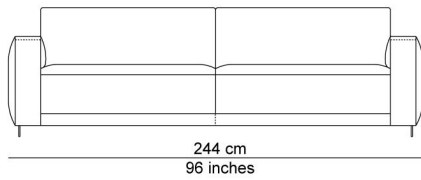

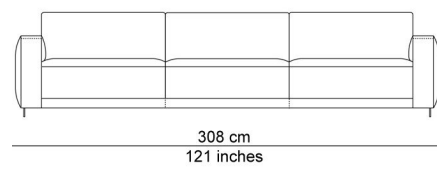

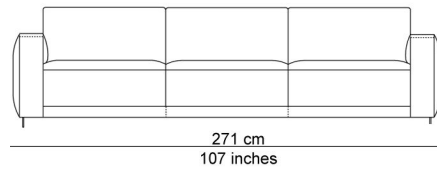

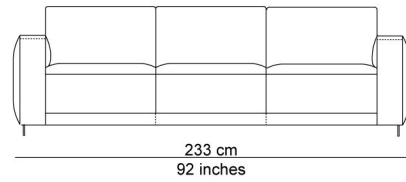

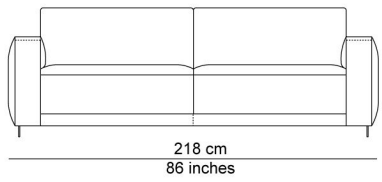

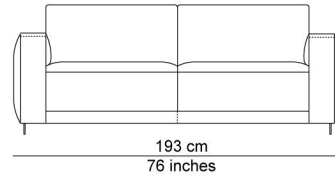

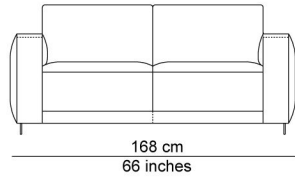

De elementen kunnen aan elkaar gepuzzeld worden in combinaties die bij de productie al worden samengesteld tot meerzitselementen. De sokkel verbindt mooi de verschillende zitmodules. De zitkussens die 12 cm uitschuifbaar zijn en de losse, met dons gevulde rugkussens zorgen voor extra comfort. Zeker samen met de afneembare en verstelbare hoofdsteun die je achter de kussens kan plaatsen. Je kan rechtop zetten, maar eigenlijk nodigt de sofa je uit om te relaxen. De naam is gekozen als synoniem voor een eiland, waar je je thuis voelt, een landschap om te ontspannen en te chillen na een dag van hard werk.
