DESIGNER

Sven Dogs

Sven Dogs was born in Berlin (°1974), and already during his childhood his creativity was challenged by attending prestigious school (Henri Nannen Foundation). After his formation as an interior designer he obtained a degree as product designer at the 'Documenta Künstler Heinrich Brummack' in Münster.

BESCHRIJVING

The striking backrest ensures that the overall look is very slim and light. The sitting section creates the illusion of a spherical square and, therefore, provides this playful effect that gives the armchair a friendly look. The backrest is open at the bottom but offers perfect support. The rounded springs guarantee an extremely pleasant sitting experience. The ornamental seams highlight the lines of the model and visually finish the item as a whole. Materials and colours can also be combined between back and seat to create unique effects. BeBop can also be obtained without the backrest.
