## DESIGNER

Kai Stania

The power of the Viennese designer Kai Stania lies in the perfect symbiosis between aesthetics and functionality in his work. The impressive list of national and international prizes that he has already been awarded from a relatively young age confirms this: his record includes a nomination for the 'Designpreis der Bundesrepublik Deutschland', iF Product Design Awards, Red Dot Awards, Good Design Awards, Interior Innovation Awards (with Durler), a selection for 'Die Auswahl' of the ten best Austrian furniture designs, etc.

## BESCHRIJVING

The base supports a fine table top made of wood, glass, marble or Corian, depending on your wishes. This extensive list of options allows the table top to be harmoniously integrated into your interior and allows you to choose the leather chairs that fit perfectly with the table base. Furthermore, the table can also be ordered without a top so that you can have the table top made to order yourself, for example, in the same material as your kitchen worktop. The table can be custom-made to the dimensions you require.
